Best Treatment for All Complexion Ills

If the skin be colorless, sallow, muddy, over-red, if it be rough, blotchy, pimply or freckled, there's nothing that so surely overcomes the condition as ordinary mercurized wax. It literally takes off a bad complexion—absorbs the dead and dead particles of surface skin, so gently, gradually, you experience no inconvenience at all. A new complexion is then in evidence, one so clear, so glowing, so delicate and beautiful, you look years younger. One ounce of this wax, procurable at any drug store, will rejuvenate even the worst complexion. It is smeared on like cold cream before retiring and removed mornings with warm water. The mercurized wax habit is a healthier and more economical one than the cosmetic habit.

If the skin be wrinkled or flabby, bathe it daily in a solution made by dissolving an ounce of powdered salicylic acid in a half pint of witch hazel. This acts immediately, affecting even the deepest wrinkles.—Adv.

COMBINATIONS AID ECONOMY

More Alliances of Form and Fashion This Season Than Ever Before.

2 COMPLETE COSTUMES

Theatrical Expression, "Doubling-in-Brass," Brought Into Demonstration.

NEW YORK, Oct. 15.—The combinations, the combination cape and gown, the wrap and dress effect—you see more alliances of form and fashion this season than ever before. It's the old theatrical expression, "doubling-in brass," brought into practical demonstration in a new line. And it is great for the economical woman.

The combined wrap and dress of brocade, canton crepe, worn by Irene Castle, illustrates the point. The straight lines of the gown are unbroken except for a silver, metalized belt. The brocade, which is silver-gray, forms also a sweeping wrap effect with deep hood-like collar.

From deep shoulder seams the material falls in long drapes. The sleeve line continues into a sort of jacket. This entire wrap may be removed and a straight-lined gown remains. The long, tight sleeve, which is revealed when the coat is removed, is completely disguised when the wrap is adjusted. It then takes on the new flowing effect.

Indeed, two complete costumes are made from this combination. The small turban of gray duvetyne is embroidered in silver.

LAUDATORY LEGEND ON STATUE OF SUFFRAGISTS OBLITERATED

Congressmen Object to Superlatives Used Before Giving Memorial More Prominent Place Among Heroes of Nation—New Inscription to Be Chiseled.

[By United News.] WASHINGTON, Oct. 15.—Ill-luck pursues the statue of the three pioneer suffrage advocates, placed in the Capitol by women after the nineteenth amendment became a part of the Constitution.

At first members of Congress declined to have the statue placed in Statuary Hall, where are located the statues of heroes of various States. It was not a work of art, they insisted.

Finally, the statue was placed in the rotunda of the basement, in an obscure corner. It rested peacefully there for some time, suffragists continuing their agitation to have it placed in a more fitting spot.

Laudatory Legend Suffers. Recently it was moved to the center of the rotunda, where persons walking through the Capitol corridor must circle around it. But in the process a laudatory legend, placed on the marble in gold letters, was obliterated.

A neat coat of whitewash was placed over it by Superintendent Woods, of the Capitol. Members of the joint congressional committee on libraries objected to the phraseology of the legend. They suggested its removal before the statue was moved.

According to Miss Alice Paul, of the National Woman's Party, suffragists do not object to the whitewashing. The legend she explained, was only temporary any way, and was placed there because the sculptor did not have time to chisel in a permanent lettering.

Objected to Superlatives. Miss Paul said that members of Congress thought the legend praised the suffrage pioneers more than they deserved.

It said: "The three great destiny characters of the world, whose spiritual import and historical significance transcend that of all others of any country or any age."

"Lucretia Mott and Elizabeth Cady Stanton, in the call of the first woman's rights' convention of 1848, and Susan B. Anthony, marshaling the latent forces through three generations down more than half a century of time, guided the only fundamental universal uprising on our planet—the woman's revolution."

Calomel Good but Treacherous

Next Dose may Salivate, Shock Liver or Attack Bones

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children, because it is perfectly harmless and cannot salivate.

Alkali in Soap Bad for the Hair

Soap should be used very carefully. If you want to keep your hair looking its best, Moist Soap and prepared shampoo contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Multisilf coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls of multisilf will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Multisilf coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Multisilf.—Adv.
